MULTI-DRAWER WORK CASE

CASE AS SHOWN, PART #STUGEM001
 configured with:

- heavy-duty ATA Star 3/8" case construction
- 14 locking steel, glide mounted drawers* each with interior useable space of 16-1/8" x 14-1/4" x 3-1/2" (wdh)
- partitioned storage bin built into case lid
- heavy duty 3-1/2" swivel & locking casters with 5th wheel to support hinge opening lid.

* Case interior can be configured with any multiple combination of drawer or shelf sizes we offer. All drawers & shelves offered have a maximum outside width of 19" (16-1/8" inside width). Maximum outside front to rear depth on all drawers is 14-3/4" (14-1/4" inside depth). Drawer heights offered are as follows:

1-3/4" (steel only) serves as either a shallow non-locking drawer or glide mounted shelf

3-1/2" (steel or aluminum) locking drawer

5-1/4" (steel or aluminum) locking drawer

7" (steel or aluminum) locking drawer

10-1/2" (steel only) locking drawer that simulates a hanging file drawer with available option

10 case color choices (stucco finish fiberglass laminated to case outer walls.
